

500 Series

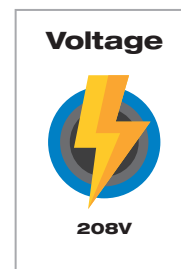

Small unit, large energy savings

The **Infrasave 500 Series** easily mounts on any drive-thru window in order to create an air seal to keep conditioned air in the building and keep dust, dirt, and insects out.

Available Models

MOUNTING STYLE	LENGTH	CFM [HEATED MODELS]
Surface only	24"	120
	32"	220

1000 Series

Conditioned air stays in, energy bills go down

The **Infrasave 1000 Series** Air Curtain is perfect for any retail application. It easily mounts above any door and is available in 3, 4, and 6 foot models. Multiple units can be stacked together for larger door widths.

Available Models
