

Radiant Tube Heaters

IQ Series

High Comfort Indoor Radiant Heaters with Low Fuel Costs

These Infrasave infrared tube heaters provide quiet and clean heating solutions and have rightfully earned its title as the indoor radiant heater with the best efficiency rating in North America when compared to other tube heaters in its class.

Heater Models Available (input/length):

45,000 Btuh - 20'	100,000 Btuh - 20'	150,000 Btuh - 40', 50', 60'
60,000 Btuh - 20', 30'	110,000 Btuh - 30', 40', 50'	175,000 Btuh - 50', 60', 70'
80,000 Btuh - 20', 30', 40'	130,000 Btuh - 30', 40', 50'	200,000 Btuh - 50', 60', 70'

ITB Series

Ideal for indoor applications

One of the most economical radiant tube heaters on the market for spot heating distribution and production facilities. Built using Infrasave's low cost heating system design, the ITB energy efficient heater provides a quick payback period.

Single Stage Heater Models Available [input/length]:

- 45,000 Btuh - 20'
- 60,000 Btuh - 20', 30'
- 80,000 Btuh - 20', 30', 40'
- 100,000 Btuh - 20'
- 110,000 Btuh - 30', 40', 50'
- 130,000 Btuh - 30', 40', 50'
- 150,000 Btuh - 40', 50', 60'
- 175,000 Btuh - 50', 60', 70'
- 200,000 Btuh - 50', 60', 70'

2-Stage Heater Models Available [input/length]:

- 80,000/60,000 Btuh - 20', 30'
- 110,000/75,000 Btuh - 30', 40'
- 130,000/90,000 Btuh - 30', 40'
- 155,000/110,000 Btuh - 40', 50'
- 175,000/110,000 Btuh - 40', 50'
- 200,000/140,000 Btuh - 50', 60'

Also available in 2-Stage [SET] model

Dual firing rate capability for controlled comfort

The 2-Stage heating system lowers energy consumption and increases equipment life by reducing ON/OFF cycles. The dual firing rate allows for a controlled comfort level with a high intensity and low intensity heat setting to provide more or less heat when required.

Both models are available in P40 Pre-Assembled U-Tube Model

IW/IWP Series

Radiant Heating Solutions for Damp Environments

Heavy duty yet efficient radiant tube heater designed for wet indoor and outdoor applications. Also includes a corrosion-resistant and moisture-resistant burner enclosure, plus heater tube and reflector system.

High Intensity Heaters

IL Series

Efficiency, **Economy** and Performance

Designed for industrial and commercial use, IL Series heaters are clean and efficient radiant heaters that have the highest efficiency rating in its North American class. The IL Series heater is able to heat a large space with high ceilings while minimizing operation costs.

Heater Inputs Available:

21,500 Btuh	50,000 Btuh	100,000 Btuh	200,000 Btuh
35,000 Btuh	65,000 Btuh	150,000 Btuh*	

Residential Heaters

P40-R, -U

Comfort and **savings** for Residential Garages

Among the "lightest duty" in Infrasave's line of radiant tube heaters, yet they surpass the performance of other gas garage heaters found on the market.

Heater Models Available (input/length): 40,000 Btuh - 10'

IR Controls

TruTemp

Thermostat for Infrared Radiant Heaters

- Setback reduces control temperature by 9°F [13°C] when a building is unoccupied
- Setback is activated at night time by turning off lights
- Mounts on standard 4" [10cm] electrical box or directly to wall
- Tamper-proof option

Other Thermostats Available

- Line voltage control
- 24 Vac Control
- Moisture resistant controls
- 2-stage thermostatic control
