Infrared Heaters and Air Curtains.

Specializing in *just* right.

Tube Heaters

ITB/ITT Series

Economical tube heater. Available in 2-stage model to lower energy consumption and increase equipment life by reducing on-off cycles by up to 35%.

Applications

- Warehouses
- Manufacturing
- Airplane hangars
- Distribution centers
- Vehicle maintenance
- Industrial applications

High-Intensity Heaters

IL Series

An economical choice, with 5 single burner models, and 2 dual burner models. Includes assembled reflectors, gas valve, and electronic ignition control. Minimum mounting heights from 12' and up to 70' high.

Applications

- Warehouses
- Manufacturing
- Airplane hangars
- Distribution centers
- Vehicle maintenance
- Industrial applications

Heater Controls and Thermostat

Developed specifically for Schwank infrared radiant heating products and the uniqueness of controlling climate and heating units in commercial and industrial environments.

Options

- TruTemp Infrared Setback Thermostat
- Arena Control Panel

Outdoor Patio Heaters

eSchwank Ghost Series

Equipped with a carbon fiber heating element, the eSchwank Ghost Series delivers instant, eco-friendly warmth. It features an ultra-slim 3" profile, mounting heights of 8'-14', and versatile voltage options.

Applications

- Restaurants
- Golf Ranges/Bays
- Stadiums
- Patio
- Hotels
- Amusement Parks

eSchwank Titan Series

Available in 6kW the eSchwank Titan Series delivers powerful short-wavelength heat with rapid ramp-up. Its versatile mounting options and IP65 rating ensure efficient heating.

Applications

- Outdoor patios
- Industrial
- Stadiums
- Golf Ranges
- Manufacturing
- Distribution Centers

phantomSchwank STP Series

Available in a 2-stage model with BTUhs ranging from 35,000 to 115,000, this system features an EC Motor for enhanced efficiency. The ultra-low clearances and a broad range of mounting options provide effortless placement, creating a polished outdoor patio environment.

Applications

- Outdoor patios
- Hospitality
- Hotel Patios
- Golf Ranges

IO-200 Series

Available in single and 2-stage models in 23,000, 35,000 and 50,000 input BTU/hr. The insulated cabinet allows low clearances to mount closer to structures. Made with 316 marine-grade stainless steel for longevity in harsh environments and coastal regions.

Applications

- Restaurants
- Hospitality
- Patio
- Hotels

Patio Heater Controls

Schwank outdoor patio heating controls are available for gas or electric models, and control control can manage one or more zones with variations from 1-12 heaters.

Options

- Switch controls
- Solid-state control
- Patio panel control
- Electric heater control
- Electric simple switch

More >

Infrasave

Air Curtains

Select10 Series

High-efficiency air curtains intended for surface mounting on doors up to 10'. Built with an EC Motor for whisper-quiet operation, and mount it anywhere with horizontal applications.

Applications

- Commercial – entrance doors

Swift5 Series

An electric option that easily mounts on any take-out window to create an air seal to keep conditioned air in the building and dust, dirt, and insects out.

Applications

- Commercial – drive thru windows

Breeze9 Series

A premium high-efficiency 120 voltage air curtain model that easily mounts on any door up to 9' high and creates an efficient air seal. These can be stacked for wider openings.

Applications

- Commercial – entrance doors

Air Curtain Controls

Air Curtain controls make adjusting your air curtains quick and easy. Choose from our controller options, depending on how simple or feature-rich you want your controller. With Modbus communication, you can easily integrate with your existing building management system (BMS).

Options

- SchwankAir Plus controller
- Wired controller
- Magnetic REED door contact switch

Benefits

Preferred Vendor Program

- As a preferred vendor, Infrasave SKUs are in the Winsupply DC system to allow easy central billing.
- Plus, Infrasave is a BlueHawk vendor partner and part of your buying group rebates.
